

# SCRUBBER SYSTEM FOR INDUSTRIAL AIR POLLUTION CONTROL

MASTER JAYA  
GREENTECH SDN BHD

**DURATION : 2 DAYS**

**TIME : 9am - 5pm**

**DATE & VENUE :**

- **17 & 18 SEP 2025** (Shangri-La Golden Sands, Penang)
- **22 & 23 OCT 2025** (Le Meridien Putrajaya)
- **17 & 18 DEC 2025** (DoubleTree by Hilton, Johor Bahru)

**FEE:**

**RM 3,600 + 8% SST (PER PERSON)**

**MASTER JAYA GROUP CLIENT**

**RM 3,240 + 8% SST**

**100% CLAIMABLE UNDER HRD-CORP SBL-KHAS SCHEME**  
(TERMS AND CONDITIONS APPLY)

## WHO SHOULD ATTEND

Operators, Supervisor, Superintendent, Engineers, Environmental Personnel or Manager from Various Manufacturing Industries

## SEMINAR OVERVIEW

This seminar is to provide the fundamental principles of wet scrubbers, their application, and the best practices to ensure efficient operation and longevity. This program would combine lectures and interactive discussions to ensure that attendees understand the technical aspects of selecting, installing, and maintaining wet scrubbers.

**EIMAS CPD**

**12** CPD POINTS

## SEMINAR CONTENT

### DAY 1

- Introduction of various type of scrubber
- Different Types of Scrubbers
- Key Considerations in Selecting the Right Scrubber
- Factors that Affect Scrubber Performance

### DAY 2

- Preventive Maintenance for Scrubber Systems
- Troubleshooting and Optimization
- Case Studies and Best Practices
- Group Discussion

## SPEAKERS

- Holds a B. Eng. (Hons) Degree in Mechanical Engineering from University of Sheffield, UK and M. Sc. in Environmental Engineering from University Putra Malaysia.
- Obtained extensive knowledge and practical hands-on experience in the industrial air pollution control industry over the past 21 years working in the industry in Malaysia.

She has conducted many seminars and training courses on Industrial Air Pollution Control for more than 3000 industry participants and DOE officers since year 2005.

- DOE Competent Person for Bag Filter (CePBFO)
- DOE Competent Person for Scrubber (CePSO)
- Certified Train The Trainer (HRDF)

**DATO' SERAFIN WOO**

**DATO' ANDREW LEONG**

- He has worked over past 16 years on many substantial sized projects responsible on the design, consult, sales and marketing, project management, manufacture, installation and commissioning of Air Pollution Control System for various manufacturing and process industries in Malaysia and in the Asean countries.
- DOE Competent Person for Bag Filter (CePBFO)
- DOE Competent Person for Scrubber (CePSO)
- Certified Train The Trainer (HRDF)
