

CePSO COURSE FOR CERTIFIED ENVIRONMENTAL PROFESSIONAL IN SCRUBBER OPERATION

Why choose us ?

- More than 40 years of practical hands-on experience in industrial air pollution control system (APCS)
- Design, fabricate, install and commission more than 1000 sets of APCS.
- Trained more than 5,000 pax industries participants and DOE officers.
- Training provider of DOE EIMAS for more than 20 years

GET CERTIFIED THROUGH DOE EIMAS CERTIFICATION PROGRAMME

To ensure compliance to DOE environmental quality act & clean air regulation, you need competent person to supervise your scrubber !

MASTER JAYA TRAINING CENTRE

Wisma Master Jaya,
20, Level 2, Jalan Taming 3,
Taming Jaya Industrial Park,
43300 Seri Kembangan, Selangor.

RM4,000 + 8% SST (per person)

- Including training material, tea breaks, lunch, & certificate.
- Claimable under HRD-Corp SBL-Khas Scheme.
- Registration Closing Date : 14 days before the course date

Entry Requirement :

- Malaysian citizenship
- Diploma or Degree in Science or Engineering ; or
- Certificates from polytechnic or SKM with level 2 with 1 year experience; or
- SPM with 3 years working experience in scrubber operation
 - SPM holder must Passed/Credit in Mathematics
 - Copies of SPM certificate together with letter of confirmation of experience in scrubber operation must be submitted by the Company.

Who should attend ?

- Managers, Engineers, Executives, Supervisors, Operators who are involve in operation & maintenance of scrubber in manufacturing plant.

Benefits of attending:

- Become a Competent Person (certified by DOE EIMAS) to operate and supervise the scrubber operation as per DOE legal requirement
- Comply to DOE Environmental Quality Act & Clean Air Regulations
- Able to conduct scrubber performance monitoring follow DOE requirement
- Maximize scrubber efficiency & ensure smooth operation
- Minimizing unnecessary plant shutdown due to scrubber problems
- Save cost in operation and maintenance of scrubber.

2026

January

- 12 - 16 JAN

April

- 6 - 10 APR
- 20 - 24 APR

May

- 11 - 15 MAY

June

- 8 - 12 JUN

July

- 29 JUN - 3 JUL
- 27 - 31 JUL

August

- 10 - 14 AUG

September

- 7 - 11 SEP

October

- 28 SEP - 2 OCT
- 26 - 30 OCT

November

- 16 - 20 NOV

December

- 30 NOV - 4 DEC

Training Materials:

- Training Module
- EQA Law Book
- Guidebook on Performance Monitoring of Scrubber
- Calculator
- Bag
- CePSO Jacket

Course Introduction

- One of the main air pollution control system widely used in the industries in Malaysia for the control of air pollutant is scrubber. The success operation of a Scrubber is primarily in the hands of the operator. A knowledgeable and skilled operator, supervisor or engineer know how to monitor the processes occurring in his scrubber, understand what factors affect the scrubber performance, know what operational conditions are best for his scrubber and how to maintain them, know how to respond to upset conditions, understand the social obligations and legal implications for non-compliance.
- Successful operation of a scrubber is an integral part of the operation of a successful industry. A trained and skilled scrubber operator, supervisor or engineer is not anymore a luxury but rather a must-have to the industry. Good environmental performance not only portray positive corporate image, but avoid possibility of factory downtime and hefty monetary penalties due to legal actions from the environmental authority. EIMAS is providing a training program to train your scrubber operators, supervisors and engineers to be competent in operating scrubber particularly in conducting performance monitoring of the scrubber. The competent person will ensure that the scrubber is operating optimally. This unique training course which focuses on hands-on approach is in fact the only one of its kind in Malaysia.

- A Certificate of Competency will be awarded to participants who successfully :

- Complete 5-days course
- Pass the examination
- Submit a field training report

Our Trainer

Dato' Serafin Woo

- Bachelor Degree of Mechanical Engineering, U.K
- Master Degree of Environmental Engineering, UPM

- More than 25 years of practical hands-on experience in industrial air pollution control system (APCS)
- Areas of expertise include training, consultancy, design, project management, manufacturing, installation, testing & commissioning of bag filter dust collectors, scrubbers electrostatic precipitators, thermal oxidizers, cyclones, settling chambers, oil mist filters, odour control systems, activated carbon, local exhaust ventilation (LEV), hood, ducting, fans & chimneys.
- Conducted many seminars and training courses on industrial APCS to more than 5,000 industry participants and DOE officers since year 2005
- Collaborated with DOE EIMAS in developing industrial APCS Competency certification modules
- Competency:
 - DOE Competent Person for Bag Filter (CePBFO) & Scrubber (CePSO)
 - DOE Environmental Auditor (EA0182)
 - Environmental Officer for EIA (CePEOEIA)
 - Train the Trainer (TTT) by PSMB

COURSE FOR CERTIFIED ENVIRONMENTAL PROFESSIONAL IN SCRUBBER OPERATION

CePSO

Course Objective

- Effective scrubber performance monitoring and preventive maintenance
- Proper scrubber operation to ensure smooth production
- Cost reduction in maintenance & production down time
- To comply to DOE Environmental Quality Act 1974 and Clean Air Regulations 2014 to avoid penalty

Course Methodology

- Lectures
- Course assignment
- Hands on practical training using industry size scrubber at our Hands-on Air Pollution Control Training Center
- Group discussion

Course Content

Day 1

- Introduction of Air Pollution Control System (APCS)
- Introduction of various types of scrubber
- Operating principal of scrubber
- DOE legal requirement

Day 2

- Scrubber components (Hands-on training)
- Fan introduction

Day 3

- Performance monitoring & Record keeping as per DOE requirement
- Preventive maintenance

Day 4

- Performance monitoring & Preventive maintenance Hands-on
- Scrubber common operating problems and troubleshooting
- Case study
- Field training report on CePSO

Day 5

- Examination (Practical & Written)
- Presentation of Certificates of Attendance

Our Trainer

Dato' Andrew Leong

- More than 18 years of practical hands-on experience in industrial air pollution control system (APCS)
- Areas of expertise include training, consultancy, design,

project management, manufacturing, installation, testing & commissioning of bag filter dust collectors, scrubbers, electrostatic precipitators, thermal oxidizers, cyclones, settling chambers, oil mist filters, odour control systems, activated carbon, local exhaust ventilation (LEV), hood, ducting, fans & chimneys.

- Competency:
 - DOE Competent Person for Bag Filter (CePBFO) & Scrubber (CePSO)
 - Train the Trainer (TTT) by PSMB

TERMS AND CONDITIONS

1. Acceptance will be on a first come first serve basis. In view of limited seats available, intending participants are advised to send their registrations as early as possible so as to avoid disappointment.
PLEASE NOTE :
FULL PAYMENT and HRDF Grant Approval must be received 2 weeks before commencement of the course. Otherwise, participants will be not be allowed to enter the course. Payment Receipt will be issue during or after the participant attend the training.
2. Fees are inclusive of programme materials, tea break, lunch, and certificate.
3. The organizing committee reserves the right to cancel, postpone, or change the programme due to unforeseen circumstances. Every effort will be made to inform the registered participants of any changes. Master Jaya or DOE EiMAS is not responsible for covering airfare, hotel, or other travel costs incurred by clients. The course fee will not be refunded, but can be credited to a future course.
4. Substitution or Cancellation: The fees paid is not refundable. However, substitution of participant(s) will be permitted with approval by DOE EiMAS. Request must be made via email or fax 2 weeks before course date. Any changes after the deadline will not be entertained.
5. Attachments :
 - a. Please refer course information in the training brochure or website at www.doe.gov.my/eimas for entry requirement. If the desired course has an entry requirement, please provide the indicated documents as attachment together with the form.
 - b. Applications without the proper documents attached will be rejected.
6. You may send the completed application form via e-mail (cepso@masterjaya.com.my).
7. Proof of postage is not proof of receipt. We will not be responsible on any documents lost in transit.
